This article briefly provides an overview of the Principles of Curriculum Design (PCD). The Principles . In order to achieve education goals, various principles of curriculum design have to be put in place. These include the principle of personalization, breadth, relevance, challenge and enjoyment. The principle of personalization and choice is one of the key principles of curriculum design.

principles to keep in mind as you approach planning the curriculum for your course. The longer the amount of time covered by a plan, the broader (more general) it will be. Thus a yearly curriculum plan will have far less detailed than a unit plan, which will be less detailed than a daily lesson plan.
