The manual encouraged countries to accept and implement basic concepts in biological safety and to develop national codes of practice for the safe handling of pathogenic microorganisms in laboratories within their geographical borders. Since 1983, many countries have used the expert guidance provided in the manual to develop such codes of practice.

Early life and career. Leonard James Callaghan was born at 38 Funtington Road, Copnor, Portsmouth, England, on 27 March 1912. He took his middle name from his father, James (1877–1921), who was the son of an Irish Catholic father who had fled to England during the Great Irish Famine, and a Jewish mother. Callaghan's father ran away from home in the 1890s to join the Royal Navy; as he was a ...
