Part II is concerned with elements of interpretation that contribute to thorough utilization of data in a Rorschach protocol: the Comprehensive System search strategy; the complementary roles of projection and card pull in determining response characteristics; and the interpretive significance of structural variables, content themes, test behaviors, and the sequence in which various response characteristics occur.

### **Principles of Rorschach Interpretation (Personality and ...**

Exner's Rorschach interpretation perceives such mirroring responses as the result of a "self-reflective and thoughtful personality". Only one mirroring response of this kind will lead to that the test person will be designated as "egocentric" with a "pronounced tendency to overestimate his personal value."
