society and its institutions as strong.

Whilst there were religious minorities which the State persecuted or denied religious toleration there was much less diversity than today and this clearly fits many of the general characteristics of Modernity referred to.

Modernity And Religion - Sociology Resource

Instead of interpreting modern Turkish history as the decline of Islam and the triumph of secularism (p. 260), Mardin provides an alternative narrative of Turkish modernization, one in which the parallel histories of modernization and counter-modernization and the centre-periphery relations shape the way Turkish society copes with the challenges of a multifarious tradition and a multiple ...

Society, Religion, and Modernity in Postcolonial India - Oxford Scholarship. The chapter sets out the broad theoretical framework for interrogating the supposed epistemological dualism between religion and modernity in India. It suggests that we should begin by looking at the provisions of secularism in the Indian constitution and their imperfect implementation by the post-Independence Indian state.

The more our education system is dominated by functionalism, skills, productivity, and the more our whole society is determined by that kind of mythology, the harder it is for the religious voice to be heard. There is a real abrasion between lots of the forms of modernity and religion."

The Conflict between Religion and Modernity

The constellation of cultural characteristics associated with the modern period is very different from that normally associated with an isolated tribal culture, a medieval peasant society, or a transitional society of the early modern period. To talk of religion is to identify a particular set of cultural attitudes and activities that point to the deep sources of power in a culture, how humans relate to that power, and the corresponding, codified beliefs and behaviors surrounding it.

Modernity and Christianity | Academic Room

Religion is losing its footing in our modern world. And that might be for the best. Our society needs to be united, to be without hate and racism. We need the society in which everyone has equal rights and have equal opportunities to make their dreams come true as every other person in the world.

Religion, Secularization and Modernity GORDON GRAHAM The ideas of modernity and post-modernity have recently come to figure prominently in social thought. Their importance for social thought about religion, however, has not generally been explored. Yet recent concern with modernity and its aftermath is closely related to the

David Lyon explains the postmodern view of religion in his book *Jesus in Disneyland* (2000). In it, Lyon describes how religion has become disembedded in postmodern society: it is no longer embedded in religious organisations or in a particular country or culture and beliefs are not embedded in their original contexts. This allows people to pick and mix lots of bits of lots of belief systems: take what they like and reject what they don't.

Unarguably religion has been a significant aspect of our society and culture since the beginning of human civilisation. The origins of religious beliefs in our ancestors remain uncertain, yet according to anthropologists the great world religions started as the movements of enlightenment and revitalization for communities seeking more comprehensive answers to their problems.

Post-Modernity refers to the view that the institutions and ways of living characteristic of Modernity have been replaced to such a profound extent that our society is fundamentally different to the 'modern' society. In contrast post-modernism is a term that refers to new ways of thinking about thought. Post-modernists believe that knowledge itself needs to be understood in a different way ...

Social Equality: One of the popular assumptions is that modernity provided equal status to downtrodden sections of the masses. Before the advent of modernity, people in the weaker sections of the society were controlled and oppressed by the landlords and the religious leaders. With modernity, all the sections of the society have equal rights.

Put simply, modernity does not so much change the what of religious faith, but the how. Much can be said about all of this, as I have done before. Here I just want to propose a significant addendum to a theory of pluralization: A default secular discourse co-exists with a plurality of religious discourses, both in society and in consciousness.

Further Thoughts on Religion and Modernity | SpringerLink

In modernity, ethics was simply a matter of following a set of prescribed rules already laid down by institutions such as the state. In effect, for most of modernity, individual responsibility was abolished: all one had to do to be a 'good citizen' was to adopt the relevant social norms according to their class/ gender/ ethnicity and obey the law.

Modern science is able to answer a lot of the questions people used to look to religion to explain. Modern technology makes people's lives less difficult, therefore modern people have less need of religion to comfort them. This assumes that the purpose of religion is to provide people with answers and with comfort.

More specifically, modernity was associated with individual subjectivity, scientific explanation and rationalization, a decline in emphasis on religious worldviews, the emergence of bureaucracy, rapid urbanization, the rise of nation-states, and accelerated financial exchange and communication. There is little consensus as to when modernity began. Histories of Western Europe suggest that a modern era arrived at the end of colonial invasion and global expansion, which date to the 18th and ...
