Solutions To Munkres Topology Chapter
[R.M. Shumate, Spring 2015] plan to study
topology from Munkres and Elementary
Differential Geometry from Oneill. [Bailu
Zhang, Fall 2014] we are studying Cartan for
Beginners by Thomas and Ivey as we hope to
add some depth to our previous work on the
calculus of A-algebras.

James Cook's Homepage - supermath.info

Chapter 3: Linear Transformations. Discusses null space, range, and the algebra of linear transformations. It the brings up discussion of isomorphisms between vector spaces, and spends a lot of time on linear functionals and the double dual, which topics are very theoretical, very useful, and neglected by most intro level textbooks.
