Young Palestinians confronted Israeli troops with nothing more than sling shots and stones. Thousands were killed by the Israeli military. Many suicide activists killed Israeli soldiers and caused other damage. Many innocent civilians were killed on both sides. 1993 saw the Oslo Peace Accord, whereby Israel recognized the PLO and gave them limited autonomy in return for peace and an end to ...

In patients with pre-eclampsia, decreased levels of renin, ANGI, ANGI, and aldosterone are found (1, 7) and the ANGI sensitivity is increased through AT 1 receptor heterodimers (8, 9). Although the pathogenesis of pre-eclampsia remains quite unclear, autoantibodies stimulating the AT 1 receptor (AT 1-AA) and/or placental hypoxia may contribute to the development of pre-eclampsia (10, 11).

Patriarchy is a social system in which men hold primary power and predominate in roles of political leadership, moral authority, social privilege and control of property. Some patriarchal societies are also patrilineal, meaning that property and title are inherited by the male lineage.. Patriarchy is associated with a set of ideas, a patriarchal ideology that acts to explain and justify this ...

Since the beginning of the 21st century, however, Israel too has seen an increase in the use of economic tools. The article considers whether it is better to increase the use of economic tools at the expense of direct regulation. Its examination is based on six case studies from various environmental fields in Israel. The results of the research reinforce the argument that economic tools can ...

Background: The homozygous presence of the arginine-16 variant of the β_2 adrenoceptor gene ADRB2 reverses the benefits from the regular use of short acting β_2 agonists in asthmatic adults compared with the homozygous glycine-16 genotype. We studied the effect of this polymorphic variation on asthma exacerbations in children and young adults and its relation to long acting β_2 agonists.

The greatest challenges facing healthcare systems include providing sufficient numbers of primary care and rural physicians [1]. Especially challenging is enticing young physicians to establish primary care practices in rural areas [1, 2]. Among the countries where such challenges exist are the United States, Australia and Canada [1, 3, 4]. Israel suffers from a similar problem with shortages of ...
